

ADVANCED CORRECTIVE PEEL: POST-TREATMENT RECOMMENDATIONS

Post-peel skin requires specialized rehabilitative products to support skin's natural healing process, accelerate recovery, and enhance peel results. To optimize your results, follow the below recommended homecare.

DAY OF PEEL

- ▶ Avoid washing or applying water to your face for up to two hours after the peel treatment.
- ▶ If discomfort such as itching or heat sensation is present two hours after receiving the Advanced Corrective Peel, [Phyto Corrective Gel](#) and/or [Epidermal Repair](#) may be applied for soothing and hydration.

POST-PEEL CARE: DAYS 1-5

AM Regimen

1. GENTLE CLEANSER
